160 cm	217 mm	470 mm	28 mm	785 g
170 cm	217 mm	470 mm	28 mm	810 g

TIPS FOR SELECTING RIGHT SIZE CANOE PADDLE:

When you are sitting in the canoe and the blade of the paddle is completely under water, the handle of the paddle should be between your eye and shoulder line. If you do not have your canoe handy when you are buying a paddle, it is advisable to choose a paddle that reaches to your chin. The most ordinary lengths are from 140 to 160 cm.
